Liangyawei Kuang (Kris Kong)

94 Calumet St, Boston, MA 02120
kuang.lia@northeastern.edu • (617) 708-5717

EDUCATION	********2021.8-2023.6**
	the Hong Kong University of Science and Technology (HKUST) Hong Kong, China
	Master of Philosophy on Robotics and Autonomous System
	********2020.7-2021.5**
	Northeastern University (NEU) MA, U.S.A.
	Thesis-based master of Computer Engineering on Computer Vision, Machine Learning and Algorithms (degree discontinued)
	GPA: **4.00**/4.0 (overload with 3 courses every semester, and the regular load is 2 courses);
	********2019.8-2020.6**
	University of California, *Irvine* (UC Irvine) CA, U.S.A.
	Undergraduate final year visiting in Electrical Engineering and Computer Science
	GPA: **3.24**/4.0 (overload for completing three degrees: electronic circuit design, communication system, and signal processing);
	********2019.1-2019.6**
	Hong Kong Polytechnic University (HK PolyU) Hong Kong, China
	One-semester exchange in Mechanical Engineering
	GPA: **3.83**/4.5 (overload with 6 courses, and the regular load is 3 or 4 courses);
	********2016.8--2020.6**
	Harbin Institute of Technology (HIT) Harbin, China
	Bachelor of Engineering in Mechatronics Engineering (ME)
	GPA: **88.69**/100; Rank:**26/389** (1st year); **34/356** (2nd year)

POSITIONS	2020.9-2020.12 **Graduate-course Teaching Assistant** (EECS7311: Two Dimensional Signal and Image Processing at Fall 2020) NEU
	Teaching 2nd year master students and 2nd /3rd year PhD students during my office hours every week and correcting their homework

PROJECTS	2016.10-2017.4 **Multi-function** (moving and grasping) **Kitchen-Service Robot Design** (freshman design project), **leader** HIT;
	2017.6-2017.8 **Intelligent Transport Robot Building** (DIY an easy target robot) **based on** *Explorer Suite*, **leader** HIT;
	2018.3-2018.7 **Accurate Cable-Rack System based on** *6-DOF* **Parallel Grid System** (sophomore design and building project), **leader** HIT;
	2018.9-2019.1 **Inverted Pendulum based on Vision Control**, **feed-back part designing** (PID) **and building** (3-D printing), **member**, *Institute of Intelligent Control and System* HIT;
	2019.1-2019.5 **Mountain Autopilot System based on 2-D lidar SLAM** (part of C/C++ coding for the control part, following a 1st year Ph.D.) HK PolyU;
	2019.9-2020.6 **Mobile Car Navigation based on** *Raspberry Pi 3 Model B* **with** *Arducam* **and** *Arduino* (a beginner level project), **leader** UC Irvine;
	2020.9-2020.11 **UC Berkeley CS188 Pac-Man Projects** (AI projects based on python) NEU;
	2020.9-2020.12 **Mobile Robots Simulation Project based on ROS in Ubuntu** (turtlebot) NEU

SKILLS	**Programming Languages:** C/C++, MATLAB, Python, VHDL, Java, Linux
	Software: Anaconda for Python, Visual Studio for C/C++, Matlab, JetBrains IntelliJ IDEA, Cadence, AutoCAD, Mathematica, SolidWorks, Keil, Multisim

HONORS AND AWARDS	**Champion**, *Freshman Basketball League Match of HIT*, guard position	Fall 2016;
	Excellent organizer for the *New Year's Eve* **of HIT**	Winter 2016;
	First Place, **Excellent Science and Technology Innovation Projects of HIT**	Summer 2017;
	Outstanding League Cadres of HIT at *May Fourth Youth Day*	Summers of 2017 and 2018;
	Second Prize, **"Xin Rui" Cup Mathematics Competition of HIT**, **rank #4**	Summer 2017;
	Third Prize, **"Xin Rui" Cup Robotic-Challenge Competition of HIT, leader**	Summer 2017;
	Outstanding Prize, **Egg-Crash-Earth Structure Design Competition of HIT**	Summer 2017;
	Second Prize, **SMC scholarship of HIT**	Fall 2017;
	Second Prize, **"Ren Min" scholarship of HIT**	Fall 2017 and Fall 2018;
	Second Prize, **National Collegiate Mathematics Competition**	Winter 2017;
	First Prize, **Mechanical Principles Competition in ME School of HIT**	Spring 2018;
	Excellent Volunteer of ME School in HIT	Fall 2018;
	Meritorious winner of MCM (*The Mathematical Contest in Modeling***)**	Spring 2019;
	Third Place, **HIT Robotic Summer School Competition**	Summer 2019

ACTIVITIES AND EXPERIENCE	2016.10-2017.1 **Director of the** *2017 New Year's Eve* **of the Mechatronics Engineering School and the Humanities School**	HIT;
	2017.6-2019.6 **Founder of the Academic-Special Dormitory**	HIT;
	2017.7-2019.1 **Founder and President of the** *ILS* **(Important learning Skills) Technical Community** (helping hundreds of students about their study issues)	HIT;
	2017.9-2019.1 **Chief Lecturer of the** *"Lei Feng"* **Academic Support Group**	HIT

EXTRA	**Top ten progressive students in ME School of HIT (from 45% to top 10%),**	2016 - 2017;
	Ranked as the only ME School exchange student to HK PolyU	2018 - 2019 Semester 2;
	Ranked as the only HIT final-year visiting student to UC Irvine	2019 - 2020;
	Got three MS admissions from the NEU ECE department and several MS admissions from other universities as USC, UCD, UF etc.	2020
